Forecast for Sunday 09 May 2021

Weather: Low cloud will cover summits to start the day with some light rain and drizzle. Conditions improve throughout the morning and some bright or sunny spells will develop, though there will be a risk of showers from mid-morning until evening, these could be heavy at times. The evening will be mainly dry with some clear spells.

Chance of cloud free mountain/hill tops above 800m: Less than 10% improving to 70% by lunchtime.

Visibility: Very poor to start in drizzle and with cloud bases around 300m. Improving through the morning as cloud lifts to around 800m by lunchtime, and breaks up to only cover summits from time to time. Though deteriorating suddenly in and around showers.
